EXCITING CHANGES IN 2017

YMCA NSW are excited to be part of Camden Council's re-development of Mt Annan Leisure Centre to better meet the requirements of those who use the centre.

Following public surveys and operational reviews, Camden Council has identified a need to undertake an expansion of the centre's dry facilities, while meeting the growing demand for indoor sporting facilities across the local region.

Works are in progress and are expected to be completed by September 2017. While construction is happening, there will be disruptions from time to time which may affect operations and we apologise in advance for any inconvenience caused. We will ensure alongside Camden Council that appropriate notice periods are provided for any works undertaken, excluding unforeseen circumstances.

If you have any questions around the development, please speak to our friendly reception staff.

Kind regards,

Joel Anderson
Centre Manager, Mt Annan Leisure Centre
