

Nature creations

Children are confident and involved learners*

Activity

On a walk around their garden or around the local area, collect a range of natural items. Use these items to create pictures, collages or scenery boards.

Age 2+ - Indoor/Outdoor

Your child will discover

By exploring their outdoor environment they will discover new objects and learn where they come from. They will also discover how a different range of materials can be used to create artwork and tell a story to express themselves.

Language to use

Colours, environment, natural, care, texture, shape

Questions to ask

- Where do you think this comes from?
- What colour is this?
- What does it feel like?
- What do you think we could use this for?

Equipment you'll need

Basket to put items in. Paper, glue (optional)
Anything you find outdoors – rocks, pebbles, dirt, grass, gum nuts, leaves, bark, flowers etc

*Learning outcome from Early Years Learning Framework
